Leading non-2 Party Presidential Candidate Michael Jingoian to Speak at NH Liberty Forum

(Portland, OR) RESET America is pleased to announce that Michael Jingoian, the leading non-2 party candidate for President will be speaking at the New Hampshire Liberty Forum on Sunday, January 6, 2008. Also speaking will be Senator John Sununu (R-NH) and Congressman Ron Paul.

The Jingoian for President Campaign has gained national attention recently and has been featured on the front-page covers of the St. John's Sentinel and the Portland Business Journal, which dubbed Jingoian "Don Quixote with an entrepreneurial streak." Jingoian announced his intention to seek the Presidency as the Libertarian nominee.

Some political insiders say that this movement has the potential to catapult all 3rd parties, including the Greens, Working Families, Reform and yes, of course, the Libertarians onto the public stage.

In 2002, Michael Jingoian founded RESET America. As Jingoian states, "RESET America is a plan to save our freedoms and liberties before valid solutions that are possible today are lost forever." RESET America is dedicated to replacing the stranglehold the Democrats and Republicans have on our political system by supporting Independent and 3rd party candidates for public office. Some political insiders say that this movement has the potential to catapult all 3rd parties, including the Greens, Working Families, Reform and yes, of course, the Libertarians onto the public stage.

Jingoian will be participating in a Libertarian Presidential debate, which is scheduled for Sunday, January 6, from 9:00 to 11:30 am. Later in the afternoon, Ron Paul will be addressing the attendees during the closing ceremony.

The New Hampshire Liberty Forum is a multi-day event which runs from January 3-6. The Liberty Forum focuses on political and social action and is hosted by the Free State Project. Attendees at the Forum will discuss first-hand the Free State Project's on-going commitment to liberty and how they can further the goals of the Free State Project. The Liberty Forum will be held at the Crowne Plaza of Nashua, New Hampshire.

Jingoian is the founder and CEO of AngelVision Technologies, Inc. AngelVision is recognized as one of the nation's best run companies and has received over 35 regional and national awards for innovation and management since 2006. AngelVision was voted "One of the 15 Best Small Companies to work for in Oregon." Recently, AngelVision was ranked the 120th fastest growing company in the United States by Inc. Magazine. Jingoian was featured in the September 2007 article titled, "An Inc. 500 President?" drawing attention to his campaign that is "capable of uniting third party voters."
